

CAPABILITY STATEMENT

www.providinggreen.com

Providinggreen is a Florida Limited Liability Company that focuses on the offering of clean energy and environmental friendly products and service. The Company was founded in 2010 by a couple of entrepreneurs with the idea of caring and improving the level of renewable resources through technology and products that contribute to the community in order to preserve the quality of planet earth. The goal of the Company is to provide clean energy solutions at affordable prices through the offering of services to all types of customers including residential, commercial, and government institutions. The products are focused on assisting communities in the process of transition from conventional energy (oil, nuclear power, coal, etc.) to clean energy solutions through the use of the sun and air as primary resources in order to achieve the harmony of our planet.
